

2026 REGIONAL COMPETITIONS RISER CONFIGURATION ELECTION

Each region decides which riser configuration(s) they will be offering for their regional competitions. The choices are Inverted Risers, Non-Inverted Risers, or both. Regions are required to provide a riser selection that will comfortably fit the largest chorus within their region.

*Please communicate to your chorus competitors which risers your region will use, the number of competitors the risers can comfortably accommodate, and which configuration will appear first. To view riser diagrams, please refer to the Guidelines for Regional Conventions, Section B. **If there are any changes to your riser configurations, email all updates to competition@sweetadelines.com.***

USING MULTIPLE RISERS

- If your region has multiple configurations, please specify the primary one.
- All choruses can choose their preferred configuration.
- Confirm with the competitor if you suspect any discrepancies in our report.
- A \$50 fee will apply for choruses changing their riser selection after the initial order of appearance.
- Two drawings will determine the order of appearance for each riser configuration, one for each setup.
- The first drawing includes choruses competing in the configuration selected first by the region, while the second drawing is for those in the second configuration.
- Competitors wishing to perform first or for evaluation will perform at the start of their chosen session.

A. Non-Inverted Risers (smaller, complete curve)

- 1) Seven 6' (1.83m) sections accommodate 70-90 members.
- 2) Nine 6' sections accommodate up to 100 members.
- 3) Eleven 4' (1.22m) sections accommodate 90-110 members.
- 4) Eleven 6' sections accommodate 120 or more members.

B. Inverted Risers (larger, flat middle, provides more stage room)

- 1) Six 6' sections accommodate up to 70 members.
- 2) Seven 6' sections accommodate 70-90 members.
- 3) Nine 4' sections accommodate 70-90 members.
- 4) Ten 4' sections accommodate 80-100 members.
- 5) Eleven 4' sections accommodate 90-110 members.

REGION # _____

Indicate which configuration(s) your region will offer:

We will be using one riser configuration.

It will contain _____ sections and be in the Inverted Non-Inverted configuration.

We will be using two riser configurations.

1. Will contain _____ sections and be in the Inverted Non-Inverted configuration.

2. Will contain _____ sections and be in the Inverted Non-Inverted configuration.
