

2023 ARRANGERS WORKSHOP

Thursday and Friday, June 15-16
IN PERSON at the University of Puget Sound

The Region 13 Arrangers WorkShop at Harmony College Northwest (HCNW) is for anyone curious to know more about barbershop arrangements and how they happen, from those who are just getting started to others who want to share, grow and hone their skills.

This year's WorkShop will be with returning faculty members **Chuck Roegiers** and **Janice Wheeler**, and will again feature guest faculty member **Mike Rosen**, Finale Specialist Extraordinaire. We'll be arranging a special song in the barbershop style: *Semper Supra*, the official song of the new U.S. Space Force! And, once again, opportunities for 45-minute private arranging review sessions with faculty members will also be available.

Bring your laptop and a portable keyboard with earphones for the best experience in participating in the presentations and arranging sessions. Workshop pricing ranges from \$110 to \$200 (includes meals; also rooms for resident students).
